

2.2L Electric Deep Fryer with Adjustable Thermostat

This 2.2L electric deep fryer operates at 230V with 1900W power. It features a fixed aluminum pot, a cool-wall exterior for safety, an adjustable thermostat, a viewing window, and a folding basket handle.

Product Overview

Compact and Efficient Deep Frying

This 2.2L electric deep fryer is designed for professional and home-kitchen efficiency, featuring a compact, circular design in a clean white and blue aesthetic. It offers precise control with an adjustable thermostat ranging from 150°C to 190°C, ensuring optimal results for various food types. Equipped with a convenient viewing window and power indicator light, this appliance streamlines the frying process while maintaining safety and consistency.

Technical Specifications
