Product Overview

A powerful and versatile circular saw designed for efficient wood cutting.

Professional Circular Saw

This high-performance circular saw is designed for efficient and precise wood cutting in both professional and DIY environments. It features a robust motor, a durable blade, and an ergonomic design that ensures comfortable handling and reduced fatigue during extended use. With versatile cutting capabilities, it is suitable for wood, sheet materials, roofing, and various pipe types.

Technical Specifications

Features a high-performance motor and precision blade for clean and accurate cuts.

Blade Diameter	110 mm
Max Cutting Depth	30 mm
No-Load Speed	14500 rpm
Max Peripheral Speed	80 m/s
Blade Dimensions	105 x 7 x 1.8 x 20 mm

Features

Ergonomic design ensures comfortable handling and reduced fatigue during extended use.

Adjustability

- Cutting Depth Adjustment
- 45° Cutting Angle Adjustment

Key Features

Dustproof Housing, Self-locking Switch, Soft-grip Handle, Adjustable Base, Aluminum Blade Cover, External Carbon Brushes

Applications

Compatible Materials

Wood • Sheet Materials • Roofing • Metal • Masonry • Pipe
