

2.4GHz Wireless Keyboard and Mouse Combo

This 2.4GHz wireless keyboard and mouse combo provides a reliable connection up to 10 meters. It features a standard keyboard layout and an optical mouse for smooth tracking, suitable for both home and office environments.

Product Overview

Reliable Wireless Connectivity

This 2.4GHz wireless keyboard and mouse combo is designed to provide a clutter-free and efficient workspace for both office and home environments. Utilizing automatic frequency hopping technology, it ensures a stable connection with a range of up to 10 meters while avoiding interference from other wireless devices. The set features plug-and-play functionality, requiring no drivers, and includes energy-saving features like automatic dormancy and low-voltage alerts to extend battery life.
