Product Overview

High-Performance Starter Motor

This 24V 4.5KW starter motor is engineered to provide reliable ignition for heavy-duty industrial engines. Specifically designed for compatibility with QSB4.5, QSB5.9, and QSB6.7 engine series, it ensures consistent performance in demanding construction machinery environments. Built to meet rigorous operational standards, this unit serves as a dependable replacement component for your engine's starting system.

Technical Specifications

Voltage	24 V
Power Output	4.5 KW
Part Number	3957593

Compatibility

Compatible Engine Models

- QSB4.5
- QSB5.9
- QSB6.7

Application	Construction Machinery, Heavy-Duty Engines
-------------	--
