Product Overview

High-Performance AC Compressor Assembly

This DKS15 air conditioning compressor assembly is engineered for reliable performance in 24V automotive systems. The unit comes fully equipped with a clutch hub, pulley, coil, and bearing, offering a comprehensive solution for maintenance and repair needs. Designed for compatibility with specific heavy-duty applications, this component ensures efficient climate control operation.

Technical Specifications

Included Components

- Clutch Hub
- Pulley
- Coil
- Bearing

Model Type	DKS15
Voltage	24 V
Clutch Configuration	1PK

Quality & Standards

Quality Grade
A-Grade Quality

Compatibility

Compatible Applications	Hitachi Zexsis
