

24W LED Bulb Light, 6500K

This is an energy-efficient LED bulb light suitable for diverse lighting needs. Operating at AC 165-265V, it consumes 24W and emits a 6500K color temperature.

Product Overview

High-Efficiency LED Illumination

This 24W LED bulb offers a high-performance lighting solution designed for energy efficiency and longevity. With a color temperature of 6500K, it provides bright, clear illumination suitable for both residential and commercial environments. The design prioritizes eye comfort, instant start capabilities, and significant energy savings compared to traditional lighting sources.

Technical Specifications

Power Consumption	24 W
Color Temperature	6500K
Operating Voltage	165-265V
Frequency	50/60Hz

Features & Compliance

Operational Benefits

- Instant start technology
- Flicker-free, eye-protective light
- High light efficiency
- 95% energy savings vs traditional CFL

Environmental & Safety

Mercury Free, UV/IR Radiation Free, EMI Free, Eco-Friendly
