

25-32 HP Single Cylinder Diesel Engine

This single-cylinder diesel engine delivers between 25 to 32 horsepower. Its compact design and reliable performance ensure efficient operation in diverse environments.

Overview

Robust Single Cylinder Diesel Engine

This high-performance single-cylinder diesel engine is engineered for demanding industrial and agricultural applications. With a versatile power output range of 25 to 32 horsepower, it provides reliable energy for generators and various machinery. Its compact, durable design ensures consistent performance and energy efficiency in diverse operational environments.
