

## 2.5-inch SATA to USB Hard Drive Enclosure

This 2.5-inch SATA hard drive enclosure allows connection of a 2.5-inch SATA hard drive to a computer via USB. The aluminum case provides shock protection and good heat dissipation.

### Product Overview

#### Compact Storage Solution

This 2.5-inch SATA hard drive enclosure provides a convenient and portable way to convert your internal SATA hard drive into an external storage solution. Designed with a durable aluminum casing, it offers excellent heat dissipation while protecting your drive from shocks and drops. It is an ideal tool for users needing quick data access, backups, or portable storage without the need for an external power supply.

### Technical Specifications
