

25 Liter Portable Dehumidifier with R134A Refrigerant

This portable dehumidifier removes up to 25 liters of moisture per day. It features electrical controls, R134A refrigerant, and a rotary compressor for quiet operation.

Product Overview

Efficient Moisture Control

This portable 25-liter dehumidifier is designed for optimal moisture removal in residential environments. Featuring an energy-efficient rotary compressor and R134A refrigerant, it offers reliable performance with low noise output. The unit includes advanced features such as an automatic defrosting function, a 0-24 hour timer, and a water-full alarm system with automatic shut-off to ensure safe and convenient operation.

Performance Metrics

Dehumidification Capacity

25 L/Day
Capacity

Noise Level	50 dB(A)
Air Volume	280 m ³ /h

Technical Specifications

Power Supply	230V/50Hz
Rated Input	370 W
Rated Current	1.6 A
Refrigerant	R134a (170g)
Thermostat Range	5-35°C

Features

Detailed view of the user-friendly LED control panel and efficient cooling system.

Core Features

- Electrical control
- Automatic defrosting
- 0-24 hour timer
- Water full alarm with auto-shutoff
- External drain connection
- Washable air filter
- Portable with wheels

Optional Upgrades

Negative ion, Photocatalyst, Remote controller
