

25-Liter Thermoelectric Cooler and Warmer

This thermoelectric device cools and warms, offering a versatile solution for various environments. With a 25-liter capacity, it features an extra lid for portability and temperature regulation for cooling or warming.

Overview

Versatile Thermal Control

The 25-Liter Thermoelectric Cooler and Warmer is a dual-purpose appliance designed for both heating and cooling convenience. Ideal for home, office, and mobile use, it offers a temperature regulation range from cooling 18-20°C below ambient to heating at 65°C. With multi-voltage support, it provides reliable performance in cars, during picnics, or at campsites.

Technical Specifications

Capacity	25 L
Power Consumption	40 W
Cooling Capacity	18-20°C below ambient
Heating Capacity	65 °C
Voltage Compatibility	AC 220V, AC 110V, DC 12V

Features

Status Indicators

- Green LED (Cooling)
- Red LED (Warming)

Design Highlights

Extra carrying lid • Thermostat regulated • Portable design

Logistics

Container Capacity

Container Type	Quantity (pcs)
20' Container	500
40' Container	1000

Box Dimensions: 42.0 x 31.5 x 46.5 cm
