

25-Liter Thermoelectric Cooler and Warmer

This thermoelectric cooler and warmer offers a 25-liter capacity for versatile use. It cools to 18-20°C below ambient temperature and includes green/red LEDs to indicate cooling or warming status.

Product Overview

Versatile Thermal Control

This 25-liter thermoelectric cooler and warmer offers flexible temperature management for mobile environments. Designed for efficiency, it cools up to 20°C below ambient temperature and provides reliable warming capabilities. Its compact design and DC12V power compatibility make it an ideal companion for road trips, camping, and outdoor activities.

Technical Specifications

Power Consumption

40 W

Min Power

65 W

Max Power

Cooling Performance

20 °C

Power Supply

DC12V

Capacity

25 L

Features & Compliance

Certifications

CE

Included Accessories

- Extra cover (for ITK-25A model)

Status Indicators

Green LED (Cooling), Red LED (Warming)
