

250cc Cruiser Motorcycle

This motorcycle has a 250cc engine and a cruiser-style design. It is equipped with a studded seat, rear luggage bags, and a classic headlight.

Overview

Experience the Vision 250E

The 250E cruiser motorcycle is designed for riders who value both style and performance. Featuring a powerful dual-cylinder, dual-exhaust engine system, this bike offers a smooth and exhilarating ride suitable for both city commuting and leisure trips. With its classic cruiser aesthetic, including chrome accents and a comfortable studded seat, it combines vintage appeal with modern functionality.
