

250cc Off-Road Dirt Bike with 21/18-Inch Wheels

This 250cc dirt bike is designed for off-road adventures. It features 21-inch front and 18-inch rear wheels for enhanced traction and control on varied terrain.

Overview

Rugged Performance for Off-Road Adventures

This 250cc off-road dirt bike is engineered for performance on challenging terrain, featuring a reliable air-cooled engine with both electric and kick-start capabilities. Built with a reinforced steel frame and high-performance CNC triple clamps, it offers the durability required for trail riding and hill climbing. The bike is equipped with a 5-speed manual transmission, long-travel suspension, and disc brakes, ensuring a responsive and controlled riding experience for off-road enthusiasts.
