Overview

Robust Utility Solutions

This 250cc utility tricycle is engineered for efficient commercial and personal transport. It features a water-cooled, 4-stroke engine paired with a 5-speed transmission to ensure reliable performance across varied terrain. Built with a sturdy chassis and heavy-duty suspension, this vehicle is designed to handle demanding cargo tasks with a compact footprint.

Engine and Performance

Key Performance Metrics

9 kW

Max Power

14.5 Nm

Max Torque

50 km/h

Max Speed

Technical Details

- Single-cylinder, 4-stroke, water-cooled
- 199ml Displacement
- 8.5:1 Compression Ratio
- CDI Ignition
- Electric start system
- Shaft driving transmission

Dimensions and Capacity

Physical Specifications

Attribute	Value
L x W x H	3300 x 1230 x 1800 mm
Wheelbase	2125 mm
Rear Wheel Distance	1060 mm
Dry Weight	360 kg

Chassis and Handling

Handling and Suspension

5-speed gear shift, Reverse gear, Spring oil damper suspension, Disc oil brakes, 18% climbing degree capacity
