

250cc Water-Cooled All-Terrain Vehicle

This is a big-size all-terrain vehicle (ATV) powered by a 250cc water-cooled, 4-valve engine. The vehicle's design emphasizes stability and maneuverability on various terrains, making it suitable for both novice and experienced riders.

Product Overview

High-Performance 250cc Utility ATV

This big-size all-terrain vehicle is engineered for both recreational and utility performance, featuring a powerful 250cc water-cooled 4-valve engine. Its robust design includes aluminum air-cell adjustable suspension and hydraulic disc brakes to ensure stability and control across challenging terrains. With a high ground clearance and aggressive styling, this ATV offers professional buyers a reliable solution for off-road maneuverability and durability.
