

# 254mm Wood Planer 1500W

This surface planer features a 230V - 50Hz power supply and a 1500W motor, delivering a no-load speed of 8000 RPM. It has a planing width of 254mm and a planing depth of 2.5mm.

## Product Overview

### Precision Woodworking Performance

This 254mm surface planer is engineered for high-accuracy material removal in professional woodworking environments. Powered by a robust 1500W motor, it delivers consistent results with a no-load speed of 8000 RPM. Designed for efficiency and precision, this tool is an essential asset for achieving smooth, uniform surfaces on wood stock.

## Technical Specifications

Motor Power	1500 W
No-Load Speed	8000 RPM
Planing Width	254 mm
Planing Depth	2.5 mm

## Electrical Requirements

Power Supply	230V, 50Hz
--------------	------------

## Identification

Model Number	M1ST-21-254X2.5
--------------	-----------------
