Product Overview

Reliable Power Solution

This 25kVA soundproof diesel generator set is engineered to provide consistent and reliable power for residential, commercial, and industrial applications. Featuring a robust diesel engine and a high-efficiency alternator, it is encased in a sound-attenuating canopy to minimize noise pollution during operation. The unit is equipped with advanced monitoring and safety features, including automatic shutdown protections and an integrated digital control system for seamless performance management.

Technical Performance

Rated Power Output

25 kVA
Power Capacity

Frequency

50 Hz

Control & Automation

Controller Type

LIXiSE Digital Controller

Automatic Transfer Switch

Yes

Safety & Compliance

Safety Features

- Overload protection
- Low oil pressure shutdown
- High coolant temperature shutdown
- Emergency stop button
- Comprehensive electrical protection

Certifications

CE, ISO9001
