Product Overview

Versatile Portable Cooling and Heating

This 25L portable thermoelectric cooler and warmer is designed for maximum convenience during travel, camping, or daily commutes. It utilizes advanced semiconductor technology to efficiently cool beverages and snacks or keep meals warm with an adjustable thermostat. Featuring a digital LED display and dual power compatibility for vehicles and home use, it provides a reliable solution for temperature-sensitive storage on the go.

Capacity	25 L
Model Number	BCR-25

Performance & Operation

Temperature Range

25 °C Cooling below ambient	60 °C Max Heating Temp
---------------------------------------	----------------------------------

Power Compatibility

- 12V DC (Vehicle)
- 110V AC
- 230V AC

Power Consumption	60 W
Digital LED Display	Yes

Dimensions & Materials

Dimensions and Weight

Metric	Value
Unit Dimensions	41.0 x 34.0 x 48.0 cm
Net Weight	6.98 kg
Gross Weight	7.85 kg

Construction Materials

PP, ABS, PS

Compliance & Standards

Certifications

CE • UL • GS • RoHS • REACH • LFGB • E-MARK
