

26-Inch Full Suspension Mountain Bike

This 26-inch suspension bike is designed for off-road adventures and comfortable rides. It features a full suspension system to absorb bumps and provide a smooth riding experience.

Overview

Built for Versatility and Comfort

This 26-inch full suspension mountain bike is engineered for riders seeking a balance of comfort and control on varied terrain. Featuring a robust steel suspension frame and fork, it effectively absorbs impact to ensure a smoother ride. With a reliable 7-speed drivetrain and responsive disc brakes, this bike provides the durability and stopping power needed for off-road adventures.
