

26-Inch Portable Water Mist Fan with 32L Tank

This portable water mist fan combines a high-speed fan with a misting system for effective cooling. It features a 32L water tank that feeds a misting nozzle, creating a fine spray of water that evaporates and cools the surrounding area.

Product Overview

Professional Cooling Solution

This 26-inch portable water mist fan is designed to provide effective cooling in both indoor and outdoor environments. Utilizing centrifugal secondary atomization technology, it creates a fine water mist that rapidly evaporates to lower ambient temperatures. The unit is built for durability with metal blades and a high-capacity 32-liter tank that supports up to 7 hours of continuous operation.

Technical Specifications

Performance Metrics

210 m³/min

Air Volume

1400 rpm

Fan Speed

300 W

Power Consumption

Electrical Requirements

Parameter	Value
Voltage	220V
Current Type	AC

Physical Characteristics

- Fan Size: 26 inches
- Water Tank Capacity: 32 Liters
- Operation Duration: 7 hours
- Blade Material: Metal
- Mounting Type: Free Standing
