

26-Inch Steel Frame Mountain Bicycle with Disc Brakes

This mountain bike has a durable 26" steel frame and suspension fork for comfortable rides on rough terrain. It is equipped with a SUNRUN 3x7 SP control system and reliable disc brakes for enhanced stopping power.

Overview

Robust Off-Road Performance

This 26-inch mountain bike is engineered for versatility and durability on mountain roads. Featuring a high-tensile steel frame and a suspension fork, it provides a stable and comfortable ride across rough terrain. Equipped with a reliable 3x7 speed control system and disc brakes, this bicycle offers precise gear shifting and enhanced stopping power for demanding off-road adventures.
