Product Overview

High-Efficiency LiFePO4 Charging Solution

The S120 charger is engineered for reliable and safe power delivery to 8S LiFePO4 battery systems. Housed in a durable aluminium alloy casing, this compact unit provides an efficient 146W power output. Designed for a wide range of electric mobility applications, it features clear LED status indicators to ensure optimal charging cycles.

Performance Specifications

Output Metrics

29.2 V

Output Voltage

5 A

Output Current

146 W

Output Power

Input Voltage Range

110-132VAC / 200-264VAC

Physical & Compatibility

Dimensions

137 x 90 x 51 mm

Net Weight

0.8 KG

Housing

Aluminium Alloy

Supported Equipment

E-Bike, Electric Motorcycle, Electric Scooter, Cleaner, Golf Cart

Certifications & Warranty

Regulatory Standards

CE Certified

Warranty Coverage

12 Months
