Product Overview

High-Efficiency Li-ion Charging Solution

The S120 is a professional-grade battery charger engineered for reliability and safety. Housed in a durable aluminium alloy shell, it provides consistent power output tailored for diverse electric mobility applications. With its integrated LED charging status indicators and CE certification, it offers both operational convenience and compliance with essential safety standards.

Electrical Specifications

Key Performance Metrics

29.4 V

Output Voltage

5 A

Output Current

131.4 W

Output Power

Input Voltage Range

110-132VAC / 200-264VAC

Physical Properties

Construction

Aluminium Alloy Shell, Compact Design

Dimensions

137 x 90 x 51 mm

Weight

0.8 KG

Compatibility & Usage

Target Applications

- Electric Bike
- Electric Motorcycle
- Electric Scooter
- Cleaning Equipment
- Golf Cart

Compliance & Support

Safety Standards

CE Certified

Warranty

12 MONTHS
