Overview

Compact and durable design suitable for workshops and personal use.

High-Precision Drill Bit Grinder

This industrial drill bit grinder is designed for rapid and accurate sharpening of twist drill bits, making it an essential tool for workshops and manufacturing environments. It features an easy-to-operate design that allows users to achieve professional results without extensive grinding experience. Equipped with a powerful DC motor and a durable diamond grinding wheel, this machine ensures consistent performance, helps maintain precise point angles, and significantly extends the service life of your drilling tools.

Technical Specifications

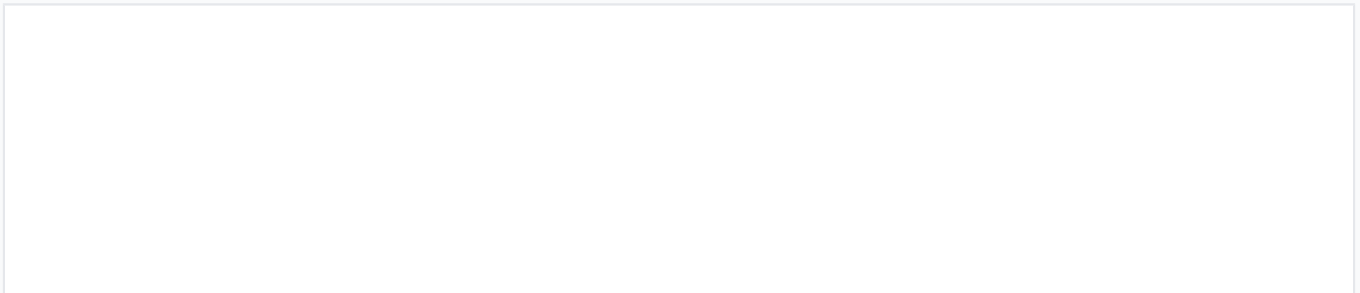

Adjustable grinding seat allows for precise control of tip and escape angles.

Grinding Range	3-13mm
Point Angle	100-135°
Motor Power	120 W
Voltage	AC 220V
Speed	4400 RPM
Grinding Wheel Type	CBN, SDC

Physical Attributes

Machine Dimensions	310 x 170 x 180 mm
Weight	10 kg

Accessories

Includes a comprehensive set of ER collets, chucks, and maintenance tools.

Standard Accessories

- ER High elastic collets (11 pieces)
- Diamond grinding wheel
- 13-type 2-blade chuck set
- Allen wrench
- User's guide

Performance Metrics

Simplified tool setting and grinding process allows for sharpening in just 10 seconds.
