Overview

The compact design allows for easy portability and minimal workspace footprint.

Designed for simple, fool-proof operation suitable for both professional workshops and personal use.

Precision Drill Bit Sharpening

This industrial-grade drill bit grinding machine is engineered for rapid and accurate sharpening of twist drills ranging from 3mm to 13mm. Designed with user-friendly operation in mind, it allows operators to restore drill bits to optimal condition in approximately 10 seconds without requiring advanced grinding skills. The unit features a powerful DC motor and adjustable point angle settings, ensuring consistent, high-quality results that extend tool life and improve drilling efficiency in any workshop or manufacturing environment.

Technical Specifications

Grinding Range	13 mm
Point Angle	100-135°
Motor Power	120 W
Operating Speed	4400 RPM
Weight	10 kg
Dimensions	310 x 170 x 180 mm

Performance & Features

Precision controls for tip angle and escape angle allow for customized sharpening.

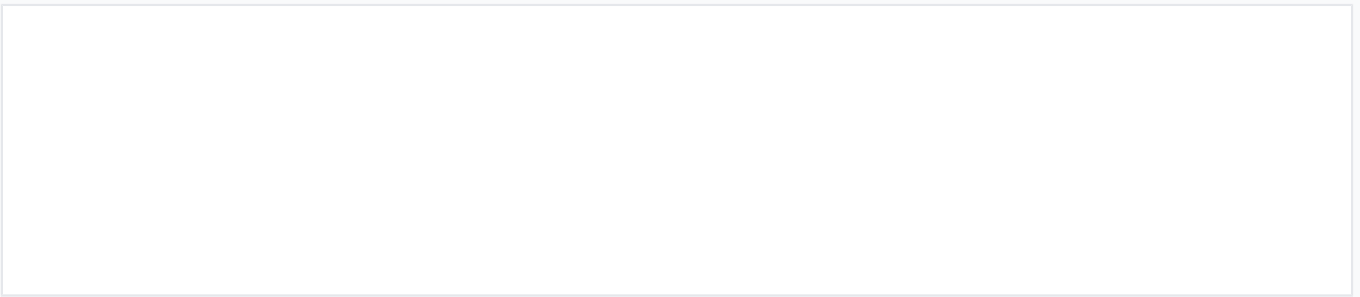

Compatible Wheels

CBN • SDC

Key Features

Rapid Sharpening, Easy Operation, Adjustable Point Angle, Diamond Grinding Wheel, Compact Design

Included Accessories

The machine comes fully equipped with a comprehensive set of accessories for immediate setup.

Standard Accessories

- 11 x ER High Elastic Collets
- 1 x Diamond Grinding Wheel
- 1 x 13-Type 2-Blade Chuck Set
- 1 x Allen Wrench
- 1 x User Guide
