

3-Ton Forklift Truck

This 3-ton forklift truck is designed for heavy-duty material handling in construction and industrial environments. It features a robust chassis, a powerful engine, and a high lifting capacity.

Overview

Heavy-Duty 3-Ton Forklift

This 3-ton forklift truck is engineered for demanding material handling tasks across construction and industrial environments. Featuring a robust chassis and a powerful engine, it delivers reliable performance for transporting palletized goods. With integrated safety systems including operator protection, lighting, and audible alarms, it is designed for both indoor and outdoor operational versatility.

Performance Metrics

Lifting Capacity

3 ton

Max Load

Key Features

Safety Features

Operator Protection, Warning Lights, Audible Alarms

Operational Details

Suitable Environments

- Construction Sites
- Industrial Warehousing
- Indoor Operations
- Outdoor Operations

Technical Specifications

Core Components

Component	Description
Chassis	Robust heavy-duty design
Lift System	Standard mast and forks
Engine	High-performance powertrain
