

3-Ton Hydraulic Bottle Jack

This heavy-duty hydraulic bottle jack is designed for lifting heavy loads. It features robust construction with a steel body and a hydraulic system for smooth and reliable lifting.

Overview

Reliable Lifting Power

This 3-ton hydraulic bottle jack is engineered for heavy-duty lifting in automotive, construction, and industrial environments. Featuring a robust steel body construction, it ensures durability and stability under load. The integrated hydraulic system provides smooth operation, while the built-in safety valve prevents overloading for enhanced user protection.

Technical Specifications

Load Capacity

3 ton

Capacity

Build Material	Steel
Safety Features	Overload Safety Valve, Welded Construction

Compliance

Certifications

Certification Type	Reference Number
Production License	XK08-206-00768
QS Certification	QS0904010190

Usage

Typical Applications

- Automotive Repair
- Construction Sites
- Industrial Maintenance
- Heavy Load Lifting
