Overview

The T-Leopard Adventure Cruiser

The T-Leopard is a new generation adventure touring motorcycle that combines the agility of a street bike with the rugged functionality of a cruiser. Inspired by mechanical cheetah aesthetics, it is engineered for both urban commuting and cross-country travel across diverse terrains. With a high-performance 300cc water-cooled engine and advanced safety features, it offers a balanced blend of speed, comfort, and reliability for professional riders.

Engine & Performance
