

300kg Capacity Industrial Washing Machine

This industrial washing machine has a 300kg capacity. Its durable construction ensures long-lasting operation and minimal maintenance.

Product Overview

BX Series Industrial Washing Machine

The BX series industrial washing machine is a robust, horizontal-structure solution designed for high-capacity laundry operations. Built with high-quality stainless steel drums and frames, these machines offer durable, long-lasting performance suitable for hotels, commercial laundries, and textile processing plants. They feature versatile heating options and are engineered for high efficiency, low noise, and safety in demanding environments.

Key Features

Heating Methods

Steam • Electrical

Certifications

CE, ISO 9001

Material

Stainless Steel

Operation

Semi-automatic
