

300kg Industrial Jeans Washing Machine

This is a 300kg jeans washing machine. It is designed for heavy-duty cleaning and optimal performance.

Product Overview

Industrial-Grade Performance

The BX series industrial washing machine is a robust, horizontal-structure solution designed for high-capacity textile processing. Constructed with high-quality stainless steel, it offers reliable performance for hotels, commercial laundries, and garment manufacturing facilities. This semi-automatic unit supports both steam and electrical heating, ensuring versatility and efficiency in demanding operational environments.

Features & Compliance

Heating Methods

- Steam
- Electrical

Certifications

CE, ISO 9001

Material

High-quality stainless steel

Structure

Horizontal
