

# 300kg Mini Tracked Dumper with Snowblade

This mini dumper has a 300kg capacity and navigates difficult terrain. It features an adjustable hopper, solid steel design, and manual tilt function.

## ADDITIONAL IMAGES

## Overview

### Compact Power for Challenging Terrain

This 300kg mini tracked dumper is engineered for efficient material transport in confined spaces and across difficult terrain. Featuring a robust solid steel design, a manual tilt hopper, and a maintenance-free gear drive system, it provides reliable performance for construction, landscaping, and agricultural projects. The inclusion of a snowblade adds versatility, allowing for year-round utility in various weather conditions.

## Performance

### Load Capacity

**300 kg**

Max Load

### Engine Specifications

- 6.5 HP
- 196 CC
- Gasoline fuel

### Transmission & Drive

3 Forward + 1 Reverse gears with Gearbox drive

### Starting Method

Recoil start, Electric starter

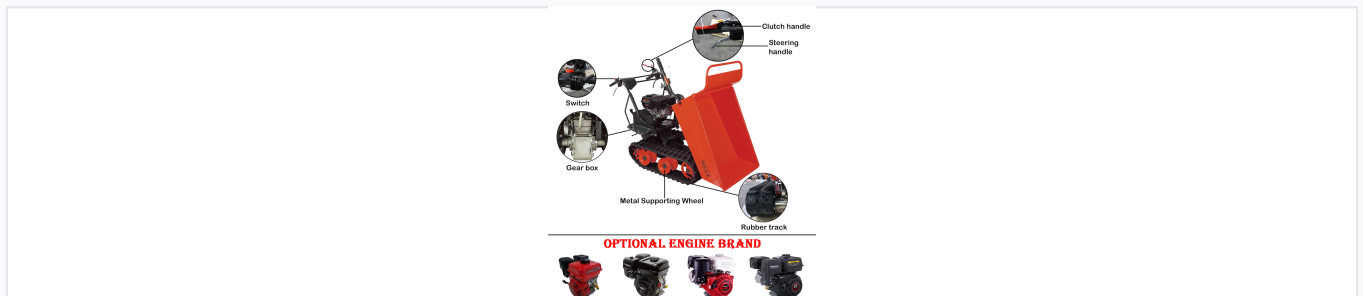

## Dimensions & Capacity

### Hopper Dimensions

Dimension	Value
Length	860
