

304 Stainless Steel Wire Rope

This wire rope is made from AISI 304 stainless steel. It is available in constructions of 1x7, 1x19, 7x7, and 7x19 with diameters ranging from 0.3mm to 32mm.

Product Overview

High-Performance Stainless Steel Wire Rope

This stainless steel wire rope is engineered for demanding industrial and marine environments where corrosion resistance and durability are paramount. With a wide range of construction types and diameters available, it provides versatile solutions for rigging, construction, and architectural applications. Its robust design ensures excellent performance in harsh conditions, offering reliable strength and flexibility for critical cable systems.

Technical Specifications

Tensile Strength Options

- 1570 N/mm²
- 1670 N/mm²
- 1770 N/mm²

Material Grade	AISI 304, AISI 316, AISI 304L, AISI 316L
----------------	--

Diameter Range	0.3mm - 32mm
----------------	--------------

Construction & Design

Available Constructions

1x7 • 1x19 • 7x7 • 7x19 • 6x7 • 6x19 • 19x7 • 6x37 • 6x36

Lay Direction	R.H.O.L and L.H.O.L
---------------	---------------------

Compliance & Standards

Manufacturing Standards	AISI, ASTM, EN12385-4, DIN, GB, BS, JIS
-------------------------	---

Logistics & Usage

Common Applications

- Rigging
- Construction
- Aircraft
- Metallurgy
- Hardware

Packaging	Plywood reels, Plastic spools or according to requirement
-----------	---
