Product Overview

High-Efficiency Solar Street Lighting

This 30W all-in-one solar street light provides a high-brightness solution capable of illuminating 2-4 lanes with an output range of 4000-15000 lumens. Designed for reliability in harsh environments, it features intelligent temperature control and a self-fault alarm system to ensure low-maintenance operation. The system integrates advanced energy harvesting and long-life battery technology for sustainable outdoor lighting.

Performance Metrics

Lumen Range
