

318L Double Door No Frost Refrigerator

This 318L double-door refrigerator features a no-frost system. It is designed for efficient cooling and convenient storage.

Product Overview

Efficient Cooling Solution

This 318L double-door refrigerator is designed for modern storage needs, featuring a total no-frost system that eliminates the need for manual defrosting. It is engineered for energy efficiency with an A++ rating and utilizes an advanced multi-air flow system to ensure consistent temperature distribution throughout the unit. With its intelligent operation modes, including holiday and energy-saving functions, it provides a reliable and flexible cooling solution.
