Overview

High-Performance 3.2 Ton Wheel Loader

This 3.2-ton wheel loader is engineered for high productivity in demanding construction, mining, and agricultural environments. Featuring a robust frame designed to handle heavy vertical and horizontal loads, it ensures reliability under challenging conditions. The machine combines operator-focused comfort with advanced control systems, including a pilot joystick and quick-hitch technology, to maximize efficiency on any job site.

Performance

Rated Load Capacity

3.2 ton
Rated Load

Engine Compatibility

Perkins, Yanmar, Kohler, Xinchai

Operator Comfort & Safety

Cabin Comfort

- Vibration-absorbing seat to reduce fatigue
- Panoramic view with floor-to-ceiling tinted glass
- Large resistance steps for easy access
- Ergonomic pilot joystick for sensitive control

Safety Systems

Rear-view camera • Color display screen

Operational Efficiency

Optimized Workflow

The integrated quick-hitch system allows operators to change hydraulic attachments in seconds without leaving the cab, ensuring the right tool is always available. With high dumping clearance, this loader is capable of handling a wide range of work in both tight spaces and open areas.

Attachment System	Yes
