

## 32.6cc Gasoline Brush Cutter with U Handle

This fuel-efficient brush cutter is equipped with a straight shaft and U handle. It offers excellent balance and a high power-to-weight ratio.

### ADDITIONAL IMAGES

### Product Overview

#### Professional Performance for Landscaping

This 32.6cc gasoline-powered brush cutter is engineered for demanding landscaping tasks, including clearing thick grass, weeds, and dense brush. Featuring a robust U-handle design and durable construction, it provides the power and ergonomic control required for both residential and commercial applications. The versatile cutting system supports both nylon line trimming and blade cutting to ensure precision in varied environments.
