Overview

Portable Power Solution

This portable gasoline generator is designed for reliable power delivery in demanding environments. Featuring a robust 4-stroke, air-cooled OHV engine, it offers versatile starting options and is built for safety with integrated AVR and oil alert systems. With a maximum output of 3200W, it serves as an ideal solution for professional, construction, or emergency backup power needs.

Performance Metrics

Key Performance Indicators

3200 W
Max Output

2800 W
Rated Output

6.5 HP
Engine Power

Technical Specifications

Electrical Characteristics

Parameter	Value
Voltage	230V
Current	12.2A
Frequency	50Hz
Battery	12V 7Ah (Sealed Lead-Acid)

Engine Configuration

4-stroke, OHV (Overhead Valve), Single Cylinder, Air-Cooled

Features & Compliance

Safety Systems

- Automatic Voltage Regulation (AVR)
- Over-voltage protection
- Overload protection
- Overheat protection
- Low oil alert system (automatic shutdown)

Certifications

CE, EURO V, EPA, ISO 9001:2015

Warranty Coverage

2 years or 600 continuous working hours

Options

Available Configurations

Wheels & Handles • Recoil Start • Electric Start • Single Phase • Three Phase • OEM Available
