

3/4" Drive Metric Deep Impact Socket Set

This 3/4" drive metric deep impact socket set includes ten sockets with sizes ranging from 24mm to 46mm. The sockets are made of chrome molybdenum steel and come in a blowmold case.

Product Overview

Professional Grade 3/4" Impact Socket Set

This 10-piece metric deep wall impact socket set is engineered for high-torque applications using impact wrenches and drivers. Constructed from premium chrome molybdenum steel with a black oxide finish, these sockets offer exceptional durability and corrosion resistance for demanding automotive and mechanical work. The deep-wall design ensures easy access to recessed fasteners, all organized in a heavy-duty blow-mold case for professional portability.
