

348cc Single-Cylinder Sportbike

This sportbike features a 348cc single-cylinder engine with a keyless control system and TFT display. The motorcycle utilizes a Bosch EFI system and has LED lighting.

Overview

High-Performance 348cc Sportbike

This 348cc single-cylinder sportbike is engineered for a perfect balance of urban agility and spirited performance. Built with a lightweight chassis and a high-compression water-cooled engine, it delivers responsive power and efficient fuel consumption. Advanced safety features, including a dual-channel ABS braking system and high-visibility LED lighting, ensure a confident and reliable riding experience for both commuters and enthusiasts.

Engine & Performance

Key Performance Metrics

29 kW
