

3.50-18 6PR Motorcycle Tire

This motorcycle tire is size 3.50-18 with a 6-ply rating. It offers good grip and traction on both dry and wet surfaces.

Overview

Versatile 3.50-18 Motorcycle Tire

This 3.50-18 motorcycle tire is engineered for reliable performance across various road conditions. Featuring a 6-ply rating (6PR), it offers enhanced durability and load-carrying capacity for demanding B2B applications. The specialized tread pattern ensures consistent grip and traction on both dry and wet surfaces, making it a versatile choice for a wide range of motorcycle models.
