

360-Degree Portable Emergency Light

This portable emergency light provides 360-degree illumination. It features a durable construction and includes a carrying handle and spotlight.

Product Overview

Versatile 360-Degree Illumination

The TK-11T is a professional-grade portable emergency light engineered to provide full 360-degree light distribution. Equipped with a 6V4Ah rechargeable battery, this reliable device features automatic light-up functionality and advanced overcharge and over-discharge protection. Its dual-function design, incorporating a 11W PL tube for ambient light and an integrated bottom torch, makes it an ideal solution for emergency response, site security, and outdoor applications.
