

360-Degree Rotating Protective Case for iPad 3

This stylish case is designed to protect the iPad 3 from scratches and dust. Its 360-degree rotation allows for both portrait and landscape viewing.

Product Overview

Professional Protection & Versatility

This 360-degree rotating protective case is specifically engineered for the iPad 3, combining robust defense with multi-angle functionality. The durable construction safeguards your device from daily scratches, shock, and environmental dirt while maintaining an elegant aesthetic. Designed for versatility, the integrated rotating stand facilitates both portrait and landscape viewing, making it an ideal solution for professionals reading documents, viewing media, or presenting content.
