Overview

Reliable Power Generation

This 36kW silent diesel generator set is engineered for reliability and consistent performance across diverse environments. Designed with a soundproof enclosure, it minimizes noise pollution while providing robust power for critical operations. Whether utilized for emergency backup or as a primary power source, this unit offers a versatile solution for industrial, commercial, and residential needs.

Technical Specifications

Engine & Cooling

- Electric start system
- Closed water cooling or air force cooling options

Electrical Configuration

Parameter	Specification
Phase	3-phase, 4-wire
Frequency	50 / 60 Hz
Voltage Options	400/230V, 380/220V, 220/110V
Connection	Y or other

Alternator Type

Brushless

Applications

Suitable Environments

Indoor • Outdoor • Remote Sites • Islands • Deserts

Primary Applications

Industrial, Healthcare, Hospitality, Construction, Telecommunications, Emergency Back-up
