

3.6V 650mAh Lithium-Ion Rechargeable Battery

This is a 3.6V, 650mAh lithium-ion (Li-Ion) rechargeable battery. It is designed for use with specified chargers only.

Product Overview

Reliable Power Solution

This 3.6V Lithium-Ion rechargeable battery is engineered to provide consistent power for compatible electronic devices. With a capacity of 650mAh, it offers a dependable energy source for specific equipment. Please ensure compatibility with your device and charger before use to maintain performance and safety.

Technical Specifications

Nominal Voltage	3.6 V
Capacity	650 mAh
Battery Chemistry	Lithium-Ion (Li-Ion)

Compatibility & Safety

Safety Instructions

- Use specified charger only
- Do not short circuit
- Do not disassemble
- Do not dispose of in fire
- Do not immerse in water

Compatible Models	LI-308
