Overview

Versatile 4-in-1 Cordless Cleaning Solution

This multi-functional cordless floor cleaner integrates sweeping, vacuuming, and mopping into a single ergonomic device. Designed for professional-grade efficiency, it features a high-speed brushless motor and a specialized waterway system for simultaneous floor and brush cleaning. Whether tackling dry debris or liquid spills, this rechargeable unit provides the freedom of movement and power needed for diverse floor surfaces including wood, marble, and carpet.

Performance

Powered by a 50,000 RPM brushless motor, delivering 7200Pa of suction for both wet and dry waste.

Suction & Power Performance

50000 RPM

Motor Speed

7200 Pa

Vacuum Degree

3000 RPM

Roller Speed

Cleaning Technology

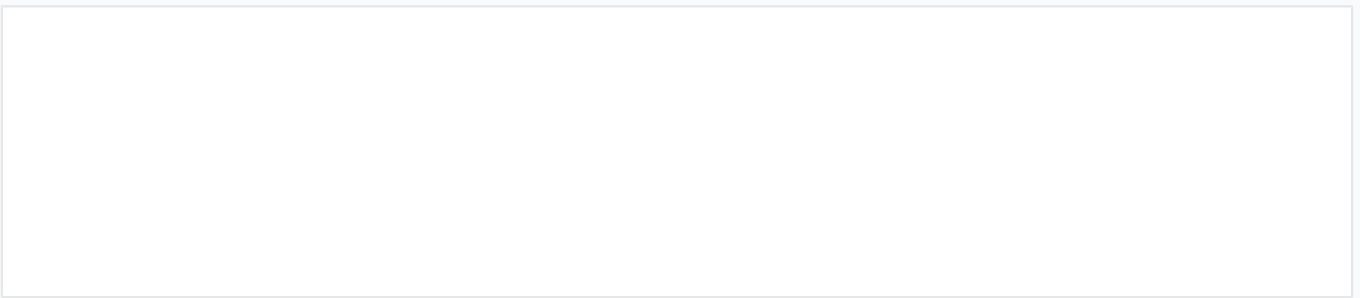

The innovative waterway design enables simultaneous floor and brush cleaning with advanced air-water separation.

Advanced Cleaning Features

- Self-cleaning function via high-speed rotating centrifugation
- Moisture separation technology to isolate wastewater and air
- One-button spraying function for controlled moisture
- Front and rear scratchers to secure stains during cleaning
- HEPA filtration for clean air exhaust

Technical Design

Detailed breakdown of the device including the clean water tank, dust tank, and ergonomic handle controls.

Design & Components

Component	Feature Detail
Motor Type	Brushless Motor
Suction Nozzle	Wide Suction Design
Tube Material	Aluminium
Indicator Lights	Battery, Spray, and Water Jet Indicators
Safety Feature	Upright tube power-off function

Application

Suitable for various surfaces including wood, marble, and carpet, with specialized detachable roller brushes.

Cleaning Versatility

Wet Cleaning • Dry Cleaning • Liquid Spills • Solid Debris

Supported Floor Types

Wooden Floor, Ceramic Tile, Marble, Carpet

Package Contents
