Versatile 4-in-1 Charging Solution

This 4-in-1 waterproof charging panel is designed for automotive, marine, and RV environments, offering a reliable power source for multiple devices. It features integrated Quick Charge 3.0 technology for rapid power delivery, alongside standard USB-A ports to accommodate diverse charging needs. Constructed with durable fireproof materials and water-resistant covers, this panel ensures safety and longevity even in challenging conditions.

Technical Specifications

Input Voltage	DC 12V-24V
Output Voltage	5 V
Operating Temperature	-40°C to +60°C

Charging Performance

Detailed view of the integrated USB charging ports.

Performance Metrics

3 A

QC 3.0 USB Output

45 W

Max Power Delivery

QC 3.0 Specific Outputs

- 4.5V / 5A
- 5V / 4.5A
- 9V / 3A
- 12V / 2.5A (Max)

Design and Compatibility

Compact design suitable for vehicle console installation.

Compatible Vehicles

Car • Boat • Marine • Bus • Truck • Motorcycle

Construction Material

PC Fireproof, Copper, ABS Plastic
