

4-Inch Brush and Foam Pad Set

This product includes a 4-inch brush and a 4-inch foam pad. The brush features dense bristles for effective scrubbing and cleaning, while the foam pad is designed for polishing and buffing applications.

Product Overview

Professional Cleaning and Polishing Set

This 4-inch brush and foam pad set is designed for industrial maintenance and equipment care. The included brush features dense bristles engineered for effective scrubbing, while the foam pad is optimized for precision polishing and buffing tasks. This versatile combination is compatible with various industrial machinery, specifically pumps, ensuring a comprehensive solution for surface preparation and maintenance.
