Product Overview

High-Performance Cutting Solution

This 4-inch super thin cutting disc is engineered specifically for stainless steel (INOX) applications, offering a balance of speed and precision. Designed for professional metalworkers, it ensures clean cuts with minimal material waste and reduced heat generation. With its reinforced construction, this disc provides enhanced durability and safety for demanding cutting tasks.

Technical Specifications

Dimensions

107 mm
Diameter

1.2 mm
Thickness

16 mm
Bore Size

Performance Limits

15300 RPM
Max Speed

80 m/s
Cutting Speed

Compatibility & Usage

Features

- Super thin profile for fast cutting
- Reinforced design for safety
- Minimal material waste
- Reduced heat generation

Compatible Materials

Stainless Steel, INOX, Edelstahl, Stahl, Inox Acero
