

4-Liter Stainless Steel Electric Kettle

This electric kettle quickly heats water with its 2000W power output. Its 4-liter capacity and stainless steel design make it suitable for various household needs.

Overview

High-Performance Electric Kettle

This 4-liter electric kettle is engineered for rapid and efficient water heating, making it an ideal choice for both home and commercial use. With a powerful 2000W heating element, it ensures quick boiling times for your convenience. The sleek stainless steel construction offers both durability and a modern aesthetic, while essential safety features like automatic shut-off and boil-dry protection provide peace of mind during daily operation.

Technical Specifications

Capacity	4 L
Power Rating	2000 W
Model Number	JK2040A

Features

Design Highlights

- Stainless steel construction
- Black handle and base
- Integrated water level indicator
- Detachable base for cordless pouring

Safety Features

Automatic Shut-off, Boil-dry Protection
