

4 x 1/4 x 5/8 Inch Metal Grinding Wheel for Angle Grinders

This 4 x 1/4 x 5/8 inch grinding wheel is designed for metal removal applications using angle grinders. It is suitable for cutting, grinding, and deburring, providing a precise finish.

Product Overview

High-Performance T27 Grinding Wheels

These T27 DC angle grinding wheels are engineered for superior cost-performance and safety in demanding metalworking environments. Designed for efficiency, they are highly effective for grinding grey cast iron, cleaning switchboards, and chamfering edges. Their sharp abrasive composition ensures rapid material removal across metals, non-ferrous alloys, concrete, and natural materials.

Technical Specifications

Abrasive Grade	1 A / WA
Wheel Type	T27 DC
Compatible Materials	Metal, Non-ferrous Metals, Non-ferrous Alloys, Concrete, Natural Materials, Grey Cast Iron

Performance Metrics

Key Performance Indicators

0.12 ratio

Grinding Ratio (Stainless Steel)

0.46 ratio

Grinding Ratio (Mid Steel)
